

EXSM Washers for OPL

Built to last, Wascomat's EXSM washers are designed for efficiency and superior wash results. Precision-engineering reduces downtime and improve machine reliability. The high G-force extraction cuts drying time resulting in lower utility costs and higher laundry room productivity.

Available in 65, 80, and 135 lb. capacities.

Features and Benefits:

- Heavy-duty construction for demanding applications.
- Efficient frequency-controlled motor reduces peak power demand by 50% for big energy savings.
- Optional steam injection for precise control of water temperature.
- Built-in connection for automatic liquid injector.
 - Compass Pro® provides 5 liquid chemical signals.
 - Clarus Control® provides 4 liquid chemical signals, expandable to 8 signals.
- Standard 4-compartment supply dispenser for liquid or powder supplies on 65 lb and 80 lb models.
- Optional 5-compartment supply dispenser for liquids or powders available on 135 lb washer.
- Built-in diagnostics and statistics.

Compass Pro®

- Customize wash programs to raise efficiencies and lower costs
- More than 20 languages available – display two simultaneously
- Reduce operator error by displaying only the programs you use
- Up to 55 programs available, ability to create 15 custom programs
- USB on front for easy programming
- Real-time clock for delayed start

Clarus Control®

- Fully programmable microprocessor.
- All wash parameters can be programmed and customized.
- Programming from keypad or download via memory card.

Environmentally responsible.

With more than a century of experience behind every machine, Wascomat's state-of-the-art products are engineered for quality, energy savings, and water efficiency. When you buy Wascomat, you are truly investing in the future of your business.

**220-300 G-force extraction
for speed, performance
and BIG savings.**

BEST IN THE INDUSTRY!

External Liquid Chemical Manifold
for improved reliability, maintenance
and flushing using built in water
reservoir to promote 24/7 diluted
chemicals in dispensing system
– prevents chemical damage
to machine.
