Overall Dimensions	W D H: 686 x 807 x 1968 mm
Approximate Net Weight	Dryer - 176 lbs Washer - 299 lbs (Total 475 lbs)

Refer installation and servicing to qualified, licensed personnel. Always read Installation and Operating Manuals and consult local codes before installation. Protect machines with properly rated circuit breakers ONLY. Warranty void if not properly installed. Specifications subject to change without notice. Laundrylux assumes no responsibility for errors or omissions in this information.

*NOTE: the correct measurement of extraction efficiency is G-force, not RPM. A higher RPM does not mean greater extraction, which depends on cylinder diameter.
